RE: Dust Control

Please be advised that the RM of Manitou Lake will be offering Dust Control, providing there are a sufficient number of requests. It will be cost share as follows:

- The product being applied will be sales oil OR MG-30.
- 50% RM share, 50% RM Resident share for product
- The RM will cover any prep work and application.

The **APPROXIMATE** cost to the ratepayer for 100m of dust control:

Sales oil: \$1260, lasts approx. 2-3 years

MG-30: \$500, lasts approx. 1 year

This cost will be dependant on the cost of and amount of materials used at application time. This cost could be less or more, dependant on the road width and road condition.

- The RM does not guarantee the effectiveness or longevity of the dust control applied.
- It is at the discretion of the RM to rework any section due to deteriorating road conditions.
- There will be no refunds given once product is applied.
- Application time will be from June 1st – September 30st, 2026.
- If ordered dust control for the 2026 year is not paid for IN FULL before December 31st, 2026, it will be added to your taxes.
- Should a second application be requested, there must be enough yard sites requesting a second application to justify the quantity needed.

The included form **MUST** be returned to the office by June 4, 2026. If you are a renter, the form **must** be completed by the landowner.

Should you have any questions, please contact the office.

Regards,

Carrie McGladdery
Office Assistant
