

November 3, 2022

Dear RM Resident:

The RM of Manitou Lake Council will be offering snowplowing for residential laneways. It will be done **upon request** at a rate of **\$30.00 plus GST for up to 20 minutes per laneway or \$125.00 per hour plus GST for anything that is over 20 minutes per laneway** for the 2022-2023 winter season. **This does not mean you will receive 20 minutes of plowing in your yard, it is intended for laneways only.** Please contact the office at 306-826-5215 if you require your lane plowed. Residential laneways will not be plowed until after the RM priority roads have been cleared.

Any plowing completed is subject to the following conditions:

- ❖ Any laneways that have overhanging trees or are narrow will not be done due to damage to the graders
- ❖ If there are any obstructions in the plowing area, it will not be completed
- ❖ The RM or its employees or contractors will not be held responsible for any damage done to the property as a result of the snow removal operations
- ❖ The RM will be indemnified and saved harmless as well as its employees or contractors of and from any claims
- ❖ The RM requires that any obstructions in the plowing area be clearly identified with markers

Please sign the attached agreement if you will be requesting plowing.

Sincerely,

Carrie McGladdery
Office Clerk
